

- The number one priority at Schreiber Lumber is to extend a sincere respect for each builder and accommodate your needs to the very best of our ability.

- Schreiber Lumber offers the top in quality lumber and engineered building materials.

- At Schreiber Lumber we provide all our builders with in house engineering services including custom floor layouts, engineered beams, and truss systems.

- We offer a broad range of custom moulding, millwork, windows, and doors to meet your needs and specifications.

- A variety of Schreiber Lumber's mouldings are manufactured on a new top of the line Weinig moulder.

- As an incentive Schreiber Lumber offers all of our customers' Builders Club points which can be redeemed for name brand merchandise and fabulous vacation destinations.
